# ADMIN DASHBOARD

- In the admin dashboard, administrators have access to key metrics such as total customer count, staff count, and appointment numbers.
- Administrators can create products, Create the point of sale system, and add services.
- The dashboard provides a comprehensive view of invoice data for customer transactions.
- This centralized platform empowers administrators to efficiently oversee operations, streamline processes, and make data-driven decisions to enhance salon management.

# Price List

## Normal Customer

Id	Service Name	Rate
1	hair washing	1500
2	Hair	1200

## Membership

Id	Service Name	Rate
1	hair washing	1000
2	Hair	1000

- In the admin dashboard, administrators can create price lists for salon services tailored to two types of customers: regular and membership holders.
- For each service, administrators can set different pricing tiers based on customer type.
- This flexible pricing structure ensures that both regular and membership holder customers receive appropriate pricing for their services.
- By catering to the diverse needs of customers, the salon can enhance customer satisfaction and loyalty while optimizing revenue streams.
